De La Salle School

Year 7, 8 & 9 Science
Year 10 & 11 Biology

YEAR 11

- Exchange & transport in animals
- Ecosystems & material cycles

YEAR 10

- Natural selection & genetic modification
- Genetics
- Plant structures & their functions
- Health & disease
- Animal coordination & homeostasis
- Cells and control
- Energy
- Waves & the EM Spectrum
- Bonding
- Enzymes & cell transport

YEAR 9

- Forces and motion
- Atomic structure & periodic table
- Earth & space
- Motion
- States of matter & separation
- Rocks
- Plants and reproduction
- Cells
- Energy transfers

YEAR 8

- Metals & their uses
- Food & Nutrition
- Fluids
- Micro-organisms
- Breathing and respiration
- Light
- The periodic table
- Combustion
- Sound
- Sexual reputation in animals
- Acids and alkalis
- Muscles and bones
- Forces
- Atoms elements and molecules
- 7K Forces
- 7J Electricity
- 7G The particle model
- Ecosystems
- Energy
- Mixtures and separation
- Investigations and reports

YEAR 7

- Life processes & cells
- Lab safety and equipment
- Baseline Assessment
