

De La Salle School

My First Term

My first term in Maths at De La Salle

During your first term studying Maths you will be learning how to:

- Analyse and present data
- Write and use functions, expressions and formulae.

The Maths Department would like you to carry out a statistical investigation. The information for this has been included in your induction pack. We look forward to seeing your completed investigation when you start with us at De La Salle School. Prizes will be given. Enjoy!

Maths on the web for you to enjoy.

<https://www.bbc.co.uk/bitesize>

- Enter Juliet.*
- Here comes the lady. O, so light a foot
Will ne'er wear out the everlasting flint.
A lover like in the wanton summer air,
And yet not fall; so light is vanity.
And even to my ghastly confinement,
I shall thank thee, dear, for this.

My first term in Science at De La Salle

During your first term studying science you will be safely using apparatus to investigate what living organisms are made of, how to make mixtures pure and energy all around us. We would also like to invite you to join Science Club!

Try the tasks in the booklet before you arrive at De La Salle

Science club have been sharing these videos while at home. Take a look and enjoy!

<https://www.youtube.com/watch?v=McVpXiSttnU>

<https://www.youtube.com/watch?v=8aaXZDazPxs>

https://www.youtube.com/watch?v=qOTgeeTB_kA

During your first term in History you will be studying:

At the start:

- Introduction to History- What's it all about?

Then you look at:

- Roman Britain. In particular key points such as Roman civilisation, Boudicca's rebellion and the Celts.

Then finally:

- Britain in 1066, with a focus on Anglo-Saxons, Vikings and The Battle of Hastings.

History BBC Bitesize KS3 link for you to look at:

Have a go at the History tasks in the booklet too... see what you can learn!

What is geography?

Geography is the study of the world around us. Geographers are interested in the processes and features of the natural world and the ways that people interact, both with each other and with the world around them.

Geography is a very important subject to study at school. It helps us to understand and appreciate the world in which we live. Look at Figure 1. This photograph was taken from the Apollo 17 spacecraft in 1972. If you look at it you can see the continents, the oceans and the clouds. This photograph made many people aware of just how fragile the Earth is, and how important it is that we take care of its natural systems.

Activity

- 1 Study the photograph in Figure 1.
 - a) Why do you think this photograph has such a huge impact on people?
 - b) How does the photograph make you feel?
 - c) Can you recognise any features on the Earth (for example, oceans, land masses)? Use an atlas to help you.

Geography at De La Salle term one

Welcome to your new journey of discovery. The two short video clips will provide a short review of things to be explored over the year.

Can you answer these 3 Geography questions? | National Geographic

<https://www.youtube.com/watch?v=4E0BsSo93HI>

What is Geography? (This is a Canadian video but it gets the point across well).

<https://www.youtube.com/watch?v=tOqmtWQa-JQ>

Read the page then have a go at the Activity a), b) and c)

My first term in Religious Education at De La Salle you will be covering:

- **Living the Lasallian Life**
- **Who is God?**
- **Who is Jesus?**

Listed below are 3 short films for you to enjoy:

1. The creation of the world

<https://www.youtube.com/watch?v=2pBXhx0XUxI&t=958s>

2. Jesus heals the paralysed man

<https://www.youtube.com/watch?v=MxkJAvm5UKs>

3. The miracles of Jesus

<https://www.youtube.com/watch?v=69VrswH4sPk>

See the booklet for some tasks you might like to try:

A storyboard on the creation of the world and a worksheet on the healing of the paralysed man.

My first term in FRENCH at De La Salle

During your first term studying French you will be covering:

Greetings, numbers and birthdays, school equipment, colours, animals, sports, family, where we live and some things to eat. In with these topics, we will also look at gender, adjectives and verbs, and how to give our opinions. We will mix the skills of listening, speaking, reading and writing. We include videos and games and aim to have fun!

Here are some tasks you might like to try:

- The worksheets on colours and pets in the induction booklet. There is a great online dictionary at www.wordreference.com if you need it.
- Zoo project: Why not design your own zoo? Add lots of wild animals and label them in French. You can find out other useful words too, like a café. You might like to bring in your project in for us to see in September!

French on the web for you to enjoy: www.French-games.net
