Curriculum Summary French

Overall curriculum intent	To develop students' understanding and appreciation of other cultures and languages, to build their communication skills and
	transferable language skills to support them in future employment, and to continue to improve outcomes at GCSE for all.
Culture	All years will focus on aspects of the culture of France and French- speaking countries. We use authentic videos and texts. We also run a trip to France in Year 7 and in Y8 and take part in the National Languages Competition to inspire language learning.
Skills	All years will regularly cover the skills of listening, speaking, reading, writing and translation, with an additional focus on these skills in an exam context for years 9-11. Moreover, pronunciation, dictation and spelling will be at the core of our teaching for years 7-8 and 9, to reflect the changes of the New Specification.
Assessment	Years 7-10 will have a summative assessment at the end of the year. There will also be end of unit assessments and regular vocabulary and spelling tests. Year 11 will have mocks in November and March, with a speaking mock in January.
Cumulative learning	Lessons will link to prior recent learning, with regular revisiting of past material, for example, through vocabulary tests. Grammar is taught explicitly in lessons, and builds on each pupil's cumulative grammar knowledge.
Sequenced learning	Learning is sequenced as summarised below, but there are variations in Years 7-8 as lower sets have more lessons in French. Progress through the sequence may occasionally vary due to the needs of the class.

Year 7	Autumn term	Spring term	Summer term
All pupils study French, and sets 1- 3 will also study Spanish.	We use the Dynamo 1 textbook course introducing the topics of greetings, numbers, the alphabet, family, classroom, opinions, hobbies and describing oneself. In terms of grammar, we cover the gender of nouns, words for 'the' and 'a' and plurals. We also look at adjectives and agreement, the verbs to have, to be and to like, qualifiers and negatives. Phonics is another important aspect of learning a language and we focus on the	Within the topic of school, we look at subjects, the time, colours, uniform, and the school day. We then move onto the free time topic, weather, sports and activities. We learn the verbs 'jouer' and 'faire' and combine an opinion with an infinitive verb. We practise basic connectives and how to ask questions in French. Pronunciation and intonation remain a focus in each lesson.	Within the family topic, we learn about family members, where we live, animals and what we eat. Then, we move onto the topic of my town and where we go, and eat out. We introduce the verb 'aller' and the future tense to talk about future activities. Also, we look at how to say what we want to do. We continue to focus on learning the sounds of French as we learn vocabulary.
